GLADIOLI

1939

Dear Friend:—

Here is our new price list with descriptions of new and commercial varieties we are selling at greatly reduced prices.

If you are an amateur or professional grower it will not take you long to see where a selection of bulbs from this list will be profitable.

It is not always necessary to buy the high priced varieties to have a good garden. Not all good ones are high priced, many of the world's leading varieties are in the low price group.

Look for your favorite varieties on each page, pick out the ones you like, they cost very little.

The large bulbs bloom the earliest and often make two flower spikes. The medium size bulbs make one flower spike and bloom about ten days later than the large size.

All bulbs from this list are labeled, true-to-name and carefully selected for your orders.

If you are not satisfied after you receive the bulbs, return them to us and we will refund your money.

As our business consists of a multitude of small orders over all the United States we require cash with order or 25% deposit on C. O. D. orders. We pay the postage on all orders of \$1.00 or over, anywhere in the United States. On orders of less than \$1.00, add 10c for postage.

Order early! Delay in ordering reduces the chances of getting all the varieties you desire, especially of the newer kinds. For this reason order at once while all varieties are in stock. Your order will be shipped when weather permits, or can be held for spring delivery.

Terrace Gladioli Gardens

Fred W. Ueck, Prop.

Stevensville,

—:—

Michigan

TERRACE GLADIOLI GARDENS

Large—4c Each; 3 Bulbs For 8c

Medium—2c Each; 3 Blubs For 5c

- A. B. Kunderd.** Tall, large, deeply ruffled flower of delicate cream color. Flushed pink.
- America.** Delicate lavender pink; large wide open flowers. One of the most popular Gladioli.
- Arlon.** Light salmon with darker throat. Large flower very early, blooms in sixty days.
- Altair.** Tall, extra fine salmon saffron Primulinus of most beautiful color.
- Alice Tiplady.** A grand, large primulinus of most beautiful orange saffron color.
- Bittersweet.** Salmon orange with darker blotch. Tall straight spike, large well placed florets.
- Betty Lou.** One of the tallest growers, with large flowers of beautiful shell pink. Prim.
- Butterfly.** Very strong and vigorous; large pale salmon yellow, ruffled flower.
- Crimson Glow.** One of the most beautiful red Gladioli on the market. Large open flower.
- Cooper Bronze.** Grandiflorus Prim, Old Copper and Bronze. Very good. Good propagator.
- Golden Gate.** A fine vigorous large showy yellow, finely ruffled.
- Giant Nymph.** A GIANT in growth and flowers. Light rose pink with creamy yellow throat. Don't miss this.
- Gold Eagle.** Deep clear yellow. Slightly ruffled, extremely early. One of the leading yellows.
- Glory of U.S.A.** Orange-salmon, fine large open flowers, good grower, and erect spikes.
- Iwa.** Light rose with red blotch. Tall strong grower. Several blooms open at a time.
- Jewell.** Light salmon pink; large golden blotch, large open flowers on tall slender spike.
- Jasper.** Strong grower, with large well placed flowers of Jasper red with waved petals.
- Los Angeles.** The new cut-and-come-again glad. The color is a pleasing shade of pink.
- Luella.** Large blossoms of perfect placement, deep cream yellow and orange, Primulinus Hybrid.
- Leen Wone.** An extraordinary, deep coppery, colored orange. Primulinus. Extra fine for cutting.
- Miss Lucille.** Glowing shrimp pink, tall spikes, vigorous grower.
- Ming Toy.** Very large flower of finest form. Strong plant, showy deep buff yellow throat.
- Mrs. Francis King.** Flame scarlet, very pleasing shade, enormous wide open flowers.
- Midnight Moon.** Beautiful soft lemon-yellow. Self-color. Large open flowers, tall spike.
- Miss Spokane.** Fine late orange-salmon. Six and seven large flowers open at a time. Strong grower.
- Miss Helen Franklin.** Early ruffled white with violet purple penciling on lower petals.
- Nineteen-ten Rose.** Very large flower, pure rose pink of extra fine shade.
- Orange Queen.** Beautiful light orange, deeper at edge of petals very popular with everyone.
- Prince of Wales.** The very choicest of all salmon varieties. Extremely early.
- Priority.** Venitian pink, shaded darker toward the tips. A sure winner.
- Quinton.** Very large light pink with yellow. One of the earliest to bloom.
- Rose Ash.** Corinthian red shading to Ashes of Roses lower petals light yellow speckled with ruby.
- Rosemary.** The dearest sweetest glad ever grown. Lavender-rose, white hairlines, very odd.
- Red Canna.** Deep crimson; large flowers on very tall, wiry stems; very suitable for cutting.
- Scarlon.** Probably the most intense early scarlet variety. Tall spike, large flowers, finely ruffled.
- Schwaben.** Soft pure yellow. little red strip on lower petals, very heavy spikes and foliage.
- War.** Deep blood red, large open flowers well placed on tall spike. The best of this color.
- Wine King.** Large, deep, dark wine color, very distinct and showy.

Stevensville, Michigan

Large—5c Each; 3 Bulbs For 10c
Medium—3c Each; 3 Bulbs For 6c

- Apricot Glow.** A clear apricot prim, of good size, well-spaced open flowers.
- Anna Eberius.** Dark velvety purple; throat deeper shade. Large flower set on tall spike.
- Betty Nuthall.** Warm light coral with pale orange throat, feathered carmine.
- Blue Isle.** Lilac-blue, dark red blotches, very pleasing, distinct and pretty.
- Dr. F. E. Bennett.** Large, flaming scarlet. Throat speckled with ruby. Fine exhibition variety.
- Emile Aubrun.** Smoky bronze, with large cherry-red blotch; many flowers open at one time.
- Elizabeth Tabor.** Most beautiful early pink, maroon throat, blooms in fifty to sixty days.
- Golden Dream.** Deep, pure yellow. Tall and fine exhibition variety. One of the best clear yellows.
- GOLDEN SWALLOW.** A fine pure light yellow, exquisitely ruffled and beautiful. Good grower.
- Golden Frills.** Heavily ruffled, deep yellow, small flame feather in the throat, a pretty Glad.
- Golden Measure.** Pure golden yellow with no other markings. Extra strong grower.
- Illuminator.** Brilliant carmine-red, with a faint suffusion of blue. Purple blotch on lower petals.
- Mary Pickford.** Creamy white with a throat of softest sulphur yellow. You'll like our little Mary.
- Meta.** Ruffled rosy-pink with warm shade of lavender; tall, slender spike. Fine for table decorations.
- Mrs. Frank Pendleton.** Deep rose pink, with carmine blotch, large flowers.
- Mrs. Leon Douglas.** Rose colored blossoms. This is probably one of the largest "Glads."
- Mrs. P. W. Sisson.** Creamy light pink, tall grower. An outstanding variety, very fine.
- Magic.** Finest tall lavender blue. Large, rich, purple throat blotches.
- Moonkist.** Light yellow, vigorous, large showy flowers on tall, slender spike. Fine.
- Neoga.** Dark garnet red, deeper throat; ruffled. A fine, rich dark colored variety.
- Opalescent.** A very good tall lavender. Vigorous grower and fine cut flower variety.
- Orange Bouquet.** True orange color, throat deeper, with blotch, tall spikes with side branches.
- Peace.** Fine large white with wine pencilings on lower petals. Very good, strong and healthy.
- Pride of Wanakah.** Very large, beautiful deep lavender-rose. A great exhibition Glad. You will like it.
- Rev. Eubank.** Early porcelain blue, throat and lip blotch. Five and six flowers open at a time.
- Rose McGee.** Soft lavender rose to lighter throat, many florets open at once. Fine cut flower.
- Rose Irene.** Cerise-violet, large white throat, which gives it a pleasing contrast.
- Seafoam.** A real pure white; no other markings. The best white primulinus, dainty and beautiful.
- Splendorra.** Very dark wine-black. A splendid color, very distinct.
- Scarlet Princeps.** Six or more massive "Princeps" like blooms open at a time. Throat a little deeper.
- Scarlet Wonder.** Largest clear red in the world. If you want red in your garden this is it.
- SPIRIT OF ST. LOUIS.** Early orange saffron, a distinct color. Not seen in many Glads.
- Senorita.** Very large, clear orange shading to salmon. Very attractive and unusual.
- Tiffany.** Early pure white, slightly ruffled; graceful, slender spikes. Many open at a time.
- Today.** Grandiflora salmon-orange primulius. Throat soft yellow, recurved petals.
- U. S. TWELVE.** Salmon-orange overlaid with scarlet, carmine blotch. Early to bloom.
- Vistal Rose.** A peculiar combination of old rose and orange flame stripes. Petals are ruffled.
- W. H. Phipps.** LaFrance pink overlaid with light rose salmon. A masterpiece in Gladiolus.

TERRACE GLADIOLI GARDENS

Large—6c Each; 3 Bulbs For 12c
Medium—4c Each; 3 Bulbs For 8c

- Albatross.** A large pure white on a tall stem, with several blooms open at a time. Extra fine.
- Affame.** Begonia rose shading to orange flame. Extremely large flower. Often six inches across.

Shirley Temple—Immense heavily ruffled cream, with creamy yellow throat, large massive blooms. Very tall.

Order each variety under price listed. Do not order 3 different varieties, at the 3 bulb price.

CULTURAL DIRECTIONS

SOIL AND FERTILIZER:—Gladioli do well on most any soil that will grow corn or potatoes. They should be planted in the open where there is plenty of sunshine and a reasonable amount of moisture; poor soil should be improved with a good dressing of well-rotted manure. If manure is not available, you may use commercial fertilizer on the surface, along the rows during the growing season. Fertilizer should be kept from direct contact with the bulbs.

PLANTING:—Upon receipt of bulbs, open package to permit air and keep in cool, dry place until time to plant. Plant as soon as the earth is in workable condition, usually after maple trees are out in leaf, and until July 1st. If planted at intervals, a succession of flowers can be obtained.

For garden planting, make furrows 2 to 3 feet apart; 4 to 5 inches deep for large bulbs. Smaller bulbs should be planted more shallow. Plant in single, double or triple rows, from 2 to 6 inches apart. You may regulate your distance, depending on space and number of bulbs you have.

Treat your bulbs before planting against thrip and disease, by using 1 ounce Corrosive Sublimate to 4 gallons of water. Soak for 3 hours.

Inasmuch as there is a possibility that the plants may become infested during the growing season it is advisable to spray when plants are 8 inches high with KU-BATOX or some other good insecticide.

FOR CUT FLOWER USE:—The spike should be cut as soon as the first flower opens on the stalk, preferably before the dew is off in the morning, but never in the heat of the day. Place the cut flowers in a deep vase, with at least 8 inches of water. Remove the faded blossoms, cut a little off the stem and change the water daily. Treated this way the buds will open perfectly.

HARVESTING THE BULBS:—After cutting the blooms the bulbs remain in the ground until the end of September to attain their full growth. They must be taken up before freezing weather, the tops cut off, and the bulbs spread on racks to dry thoroughly. They may then be stored on racks, preferably not over four or five inches deep—in any fairly warm, dry cellar and dirt and bulblets can be cleaned off when convenient later on.

INTRODUCTION

Our bulbs are treated in storage and before planting and are free from insect pest and disease, and true-to-name. Every bulb is fully guaranteed and if you are not satisfied after you receive them, return them to us and we will refund your money.

No matter how small or large, your orders will receive our best attention.

Our bulb sizes in this list are LARGE $1\frac{1}{4}$ inches and up (No. 1 and 2) MEDIUM are $\frac{3}{4}$ to $1\frac{1}{4}$ inches (No. 3 and 4). Those wishing varieties in planting stock and bulblets, write for prices, give size and amount wanted.

PURE STOCK

We exert the greatest care to keep all stock true-to-name, but cannot assume any responsibility as to results other than to replace any bulbs not blooming true-to-name, or refund purchase price paid for same.

All stock offered and orders accepted subject to prior sale.

DISCOUNT

Cash discount of 5% on orders of \$3.00 to \$5.00; 10% on orders of \$5.00 or over.

If you yourself don't need sufficient bulbs to make order large enough to secure the discount rate—Make up a club order—Call on your neighbors, get them to order through you, when bulbs arrive, you can take out your stock and distribute balance to your neighbors. Each order tied separate if so requested.

Please mention your lot number, as it will aid us in filling your order.

To get the most pleasure out of Glad growing it pays to keep adding a few newer varieties to your collection.

The gladiolus is pre-eminently a cut-flower; its long-keeping qualities, combined with its beauty and variety of form and color, adapt it to use in almost any situation where flowers can be used.

The large-flowering types for the large vase or jardiniere, with the dainty small-flowered Primulinus Hybrids for the place that needs just a little color, and between these the other types—there is a place for all of them, whether on the dining table, mantel or porch; in a large vase on the floor, or a bowl on the piano.

You who know the varieties can choose your own, for those who do not know just what to buy, we recommend our collection offers. They are all good, and if you are not satisfied after you receive the bulbs, return them to us and we will refund your money.

We sincerely appreciate the business our old customers have favored us with during the past years. And the many testimonials and expressions of thanks we get are the best proof of satisfaction.

We pay postage on all shipments amounting to \$1.00 or over, anywhere in the United States. On orders of less than \$1.00, add 10c for postage.
